## Overview

### Key Features

#### Lightweight/Comfort Welder Harness:

- A complete line of lightweight, comfort welder harnesses features blue, flame-retardant Nomex webbing to protect against weld splatter
- The special inner Kevlar core adds strength and high-temperature resistance
- Contrasting webbing colors make inspection easier
- Rated to 400 lbs. (181.4kg) capacity when using a SofStop shock absorber (940K/6FTBL)

#### Heavy-Duty Welder Harness:

- Designed with rugged black Kevlar webbing to withstand harsh welding environments
- Meets ASTM F887 Arc Test requirements and are rated for arc exposure
- All models feature quick-connect buckles on the chest strap for easy/fast donning
- Rated to 400 lbs. (181.4kg) capacity when using a SofStop shock absorber (940K/6FTBL)

### Recommended Industries/Use

- Welding

### Hazards

- Confined Space
- Fall from height
- Welding Flash

### Regulations

- Meets all applicable OSHA, ANSI and CSA standards

### Warranty Information

We sincerely believe that our fall protection equipment is the best in the world. Our products endure rigorous test to ensure that the fall protection equipment you trust is manufactured to the highest standards. Miller fall protection products are tested to withstand normal wear and tear, but are not indestructible and can be damaged by misuse. Our Limited Lifetime Warranty does not apply to normal wear and tear or abusive treatment of the product. In the unlikely event that you should discover defects in either workmanship or materials, under our Limited Lifetime Warranty, we will repair or replace the product at our expense. If a replacement is necessary and your product is no longer available, a comparable product will be substituted. Should a product issue surface, contact us at 800/873-5242. Manufacturing specifications are subject to change without notice.

## Specifications

### Maximum Working Capacity

- All Miller harnesses are rated to 400 lbs. capacity

### Specification Sheets

- For full engineering specification sheets, go to the spec sheet section under downloads and documentation

## Training & Proper Use

Proper product training and professional fall protection training is recommended. Refer to Product Use Instructions enclosed with products.
