

Q-Gard® Q-Stik Shoe Cover

Non-Linting

Anti-Slip

Water Resistant

Q-Stick Shoe Covers are designed with a revolutionary coating that prevents slipping on virtually any surface. The material's high coefficient of friction allows it to be used on both wet and dry surfaces. These shoe covers have been designed to include elastic around the bottom and front to allow them to fit a wider selection of shoe sizes.

Comes in white or translucent.

Applications:

- Pharmaceutical
