

# StarLite®

## Still The One...The Original. The Best.

Weighing less than one ounce, **StarLite®** is extremely comfortable and low-cost protective eyewear that offers excellent all-around impact protection.

Revolutionary in its design...The sleek and compact **StarLite** is extremely popular and often imitated. But knockoffs can't match the real **StarLite's** superior optical quality or its comfortable, snug-fitting, wrap-around body that provides UL-certified impact protection around the eyes.

Also available, **StarLite SM** has the same styling as **StarLite** but is sized 10% smaller - ideal for workers with thin or narrow facial profiles. Plus, get the popular StarLite style in: **StarLite MAG** (bifocal eye protection); **StarLite Foam** and **FOAMPRO™** (foam-lined eye protection); **StarLite GUMBALLS®** (colored temple options); and **StarLite IR** (light welding eye protection).

**NEW! Classic Camo Temples**

## StarLite® Features

- Incredibly light, all-around impact protection.
- Independently tested and certified by Underwriters Laboratories to meet ANSI Z87.1+ and CSA Z94.3, and meets the ballistics impact section of the U.S. Military standard, MIL-PRF-32432 (GL).
- Popular design appeals to both men and women, helping to ensure worker compliance.
- Features dual 9.75 base curvature viewing areas for wide, unobstructed vision.
- Snug and comfortable fit to minimize slippage and provide full brow protection.
- Available in StarLite SM (10% smaller); StarLite MAG (bifocal eye protection); StarLite Foam and FOAMPRO™ (foam-lined eye protection); StarLite GUMBALLS® (colored temple options); and StarLite IR (light welding eye protection).

StarLite® SM – sized 10% smaller for workers with smaller facial profiles.
